

Default Question Block

Thank you for your choosing to use me as your wedding photographer! As you begin the planning process and start to wade knee-deep into contracts, limit of liability clauses, and deposits just remember every now and then to take a deep breath and relax! The photos are the fun part, and the questions below are just a few details I'd like to have so I can do my job to the best of my ability.

Please take a moment to reply to the following questions. If you're unsure of an answer to one or more questions, you can make a best guess or save your progress and return later. The last question will be an open comment box in case you run out of space or have a question.

At the end, you will have a chance to review and print your responses.

Thanks!

Where will the groom be getting ready on his wedding day & at what time will he be arriving to the ceremony location?

Sometimes, both the bride and groom will be getting ready in different locations several miles away that may require me to drive between both to photograph key moments, such as the bustling of your wedding dress or pinning of the boutonnieres.

Do you feel comfortable that this can be realistically achieved by one photographer? If the bride and groom are getting prepared in the same building/vicinity as one another, you can check N/A here.
